We hereby declare that the items listed in the table below

FAMA MODEL	OMCAN ITEM CODE	OMCAN MODEL	Description
FGM113.06	21719	GR-IT-0373-M	Cheese Grater
FGMR113.03	48109	GR-IT-0373R-M	Cheese Grater (Retro series)
FGS107E.01	11402	GR-IT-0746	Cheese Grater
FGS107.03	11404	GR-IT-0746-M	Cheese Grater
FGSM107E.02	11403	GR-IT-1119	Cheese Grater
FGSM107.05	11405	GR-IT-1119-M	Cheese Grater
FGSM107.03	39884	GR-IT-1119-B	Cheese Grater
FTS107E.03	11051	MG-IT-0012-C	Meat Mincer 12
FTS117E.05	11053	MG-IT-0022-C	Meat Mincer 22
FTI139R.03	39714	MG-IT-0032-C	Meat Mincer 32
FP100.04	44184	PP-22LB/10KG	Potato Peeler 10 kg
FP102.07	44185	PP-39.6LB/18KG	Potato Peeler 18 kg
FP114.01	47055	PP-66LB/30KG	Potato Peeler 30 kg

are manufactured using the following materials (restricted to the sole food area):

Meat Mincer

- **Main frame** – food grade stainless steel AISI 304: listed in the positive list of food grade stainless steel in force in Italy and in Europe (D. Lgs. 25/11/2022 N. 208 + Reg. 1935/2004/EU)
- **Meat Tray** – food grade stainless steel AISI 304: listed in the positive list of food grade stainless steel in force in Italy and in Europe (D. Lgs. 25/11/2022 N. 208 + Reg. 1935/2004/EU)
- **Meat Pusher** – food grade plastic according to Reg. 10/2011/EU
- **Mincing set (worm case + worm)**– food grade stainless steel AISI 304: listed in the positive list of food grade stainless steel in force in Italy and in Europe (D. Lgs. 25/11/2022 N. 208 + Reg. 1935/2004/EU)
- **Mincing set (worm case + worm)**– food grade Aluminium EN AB 44300 according to D. Lgs. 18/04/2007 N. 76
- **Mincing set (worm case + worm)**– food grade Aluminium EN AB 44300 according to D. Lgs. 18/04/2007 N. 76 and iron alloys Nickel-Phosphorus Coated tested according to UNI ISO 4527, ASTM B 733, UNI EN 10204, 3.1 Type; NSF approved
- **Plate (Meat Mincer)** – food grade stainless steel for cutting device AISI 440: listed in the positive list of food grade stainless steel in force in Italy and in Europe (D. Lgs. 25/11/2022 N. 208 + Reg. 1935/2004/EU)
- **Knife (Meat Mincer)** – food grade stainless steel for cutting device AISI 440: listed in the positive list of food grade stainless steel in force in Italy and in Europe (D. Lgs. 25/11/2022 N. 208 + Reg. 1935/2004/EU).

Cheese Grater

- **Main frame** – food grade Aluminium EN AB 44300 according to D. Lgs. 18/04/2007 N. 76
- **Cheese Pusher** - food grade Aluminium EN AB 44300 according to D. Lgs. 18/04/2007 N. 76
- **Protective grid** - food grade stainless steel AISI 304: listed in the positive list of food grade stainless steel in force in Italy and in Europe (D. Lgs. 25/11/2022 N. 208 + Reg. 1935/2004/EU)
- **Cap/Disc** – food grade plastic according to reg. 10/2011/EU
- **Punched Roller** - food grade stainless steel AISI 304: listed in the positive list of food grade stainless steel in force in Italy and in Europe (D. Lgs. 25/11/2022 N. 208 + Reg. 1935/2004/EU)
