Enhance the organization and efficiency of your kitchen.

Omcans slanted rack shelf offers a practical and efficient solution for keeping your dish rack area organized. Constructed from high-quality 18-gauge 304 stainless steel, it is designed for durability and resistance to corrosion, making it ideal for commercial kitchen environments.

The slanted design allows for optimal drainage and easy access to dishes, trays and kitchenware after washing. This design also helps maintain a more sanitary and clean workspace. Easy to install and maintain, this rack shelf is a dependable addition to any foodservice operation to improve workflow and organization while maintaining hygiene standards. Whether in a restaurant, cafeteria, or catering kitchen, Omcans stainless steel rack shelf is a smart, durable solution for your storage needs.

FEATURES:

- Durable construction
- Corrosion resistant
- Easy cleaning
- High quality 304 Stainless Steel
- 18-gauge
