

Single Roll Wrapping Machine with Hot Plate

ITEM: **43486**

MODEL: **SE-KR-0450**

43486 • SE-KR-0450

Compact Single Roll Wrapper with Adjustable Hot Plate Sealing.

Low electricity consumption. Designed to keep power draw down to just 220 W.

Practical, portable and safe. The compact design lets you place the wrapper wherever it's needed. Indicator lights for each function (cutting bar, sealing plate) alert operators to help prevent accidents.

Sealing plate temperature control. Adjust the hot plate from 158°F to 266°F (70°C to 130°C) for better sealing depending on film type.

- Accepts film rolls from 11.8" up to 17.7" (30 – 45 cm) wide
- Built-in heat cutter and tension roller
- Indicator lights for cutting bar and sealing plate

TECHNICAL SPECIFICATION

Item Number	43486
Model	SE-KR-0450
Type	Single Roll
Stretch Film Width	11.8" / 13.8" / 15" / 17.7" (30 / 35 / 38 / 45 cm)
Hot Plate Size	15 1/8" x 4 7/8" x 3/8" thick (384 x 124 x 9.5 mm)
Hot Plate Temperature Range	158°F – 266°F (70°C – 130°C)
Power	220 W
Electrical	110V / 60Hz / 1Ph
Net Dimensions (WDH)	18.9" x 23.6" x 5.1" (480 x 600 x 130 mm)
Net Weight	14.8 lb (6.7 kg)
Certification	CE • QPS
Warranty	1 Year Parts • 1 Year Labor

Plastic film not included.
