Display your products in style with strong visual appeal and convenient, easy customer access.

This refrigerated floor display is designed to maximize space while adding style to cafés, restaurants, supermarkets, and convenience stores. Its open design allows customers to easily access merchandise, while bright internal LED lighting on the sides enhances product visibility and presentation. The attractive finish pairs functionality with visual appeal, making it an ideal choice for boosting sales.

For added efficiency, the unit comes equipped with a night curtain to help reduce power consumption when not in use. A digital temperature controller with a clear display ensures accurate temperature management, while the ventilated cooling system maintains consistent airflow. The automatic defrost feature minimizes maintenance, and four sturdy castors, two with brakes, allow for easy mobility and secure placement.
