Back Bar Beverage Coolers with Sliding Glass Doors

ITEM:	47587	48579
MODEL:	BB-CN-230S	BB-CN-350S

47587

48579

Back bar cooler is a great choice for bar and open lounges with limited space.

The design with a height makes it fit under the bar service counter easily. Despite the small size, it has a good storage capacity, and ideal for storing beverages that are required for quick service or for your cocktail recipes.

The unit comes with adjustable shelves per door and gives you the flexibility to store bottles of different heights. The exterior is fabricated with black pre-coated steel and the interior is made of embossed aluminum. The unit is illuminated on the inside through LED lights that makes the cool merchandise inside the fridge look visually attractive.

The unit uses the R600a refrigerant which is an environment friendly coolant and also boasts low power consumption and load power.

FEATURES:
• Automatic self-closing door
• Double layered tempered glass
• Fan assisted cooling
• Removable digital thermostat
• Interior LED light
• Adjustable shelves per door
• Exterior material: Black pre-coated steel
• Interior material: Embossed aluminum
