

Commercial 90 cup (16.2 Liter) Electric Rice Cooker 2500 W, 240 V

ITEM: 48732
MODEL: CE-CN-0045

Serve the Perfect Rice with Omcan Commercial Electric Rice Cooker!

This high-quality, corrosion-resistant, stainless steel rice cooker combines a sleek, modern design with durability. It features a food-grade aluminum alloy inner pot with a non-stick coating for easy food release and cleanup. Built for commercial use, it has a large heating plate with high-efficiency heat transfer for fast, even heating.

*All rice cooker cup measurements are in Japanese standard (180ml / 3/4 cup)

FEATURES:

- **Durable** – The shell and cover are made of high-quality 430 stainless steel.
- **Safe and Sturdy** – The non-stick inner pot is made of high-quality food-grade aluminum alloy.
- **Automatic** – Keeps the rice warm once the cooking process is complete
- **Freshness** – The hinged locking lid keeps the cooked rice fresh for hours
- **Multi-Cooking Functions:** Perfect for cooking rice, porridge, steaming or soup with consistent results.
