The Ugolini ARCTIC DELUXE Agitator series chilled beverage dispenser includes models with 1 to 3 bowls, each with 12 liter capacity and built from crystal clear, shockproof, food grade polycarbonate.

Simple, versatile, and easy to use, this large-volume dispenser is designed to cool all types of drinks - including any milk, pulpy fruit juice, coffee, tea, and more - using agitator paddles and stainless steel gravity tap. Quick and easy to dismantle for perfect cleaning, it saves you time and makes your work easier.

FEATURES:

- Stainless steel unibody construction design
- Up to 3 crystal-clear, shockproof, food-grade polycarbonate bowls with easily removable faucets
- Drink stirring by agitator
- Hermetically sealed compressor
- Designed, manufactured and assembled in Italy
