

Restaurant Table Tops, Bases & Columns

Upgrade your dining area with reliable and functional tables.

These restaurant laminated table tops offer two classic finish options: Mahogany/Black or Oak/Walnut. Available in both round and rectangular shapes, each top is protected with solid black edging to resist chipping and scuffing, ensuring long-lasting durability in high-traffic environments.

Table bases come in your choice of round or cross-shaped designs, featuring a square top spider column for stability. Both standard and bar height options are available to suit different dining layouts. Offered in a variety of sizes and configurations, these tables are ideal for restaurants, cafés, delis, and coffee shops, looking for a durable, low-maintenance, and stylish furniture solution.

FEATURES:

- Reversible laminated Finishes: Mahogany/Black or Oak/Walnut
- Shape Options: Round or rectangular formats
- Solid black molding prevents chipping & scuffing
- Table Bases: Round or cross-shaped base
- Spider column for stability support
- Available in both standard and bar height
- Adaptable sizing for varied layouts
