

Dia 150cm, tabletop thickness:50mm

A technical line drawing of a round table. The table has a circular top and four legs. The drawing is a perspective view from a slightly elevated angle. The top surface is a flat circle with a thin edge. The legs are cylindrical and extend downwards. There are some structural details shown where the legs meet the underside of the table top, including cross-bracing and a central support. The drawing is simple, using black outlines on a white background.
