**Omcan Manufacturing and Distributing Company Inc., Food Machinery of America, Inc. dba Omcan and Omcan Inc. are not responsible for any harm or injury caused due to any person's improper or negligent use of this equipment. The product shall only be operated by someone over the age of 18, of sound mind, and not under the influence of any drugs or alcohol, who has been trained in the correct operation of this machine, and is wearing authorized, proper safety clothing. Any modification to the machine voids any warranty, and may cause harm to individuals using the machine or in the vicinity of the machine while in operation.**

## CHECK PACKAGE UPON ARRIVAL

Upon receipt of an Omcan shipment please inspect for external damage. If no damage is evident on the external packaging, open carton to ensure all ordered items are within the box, and there is no concealed damage to the machine. If the package has suffered rough handling, bumps or damage (visible or concealed), please note it on the bill of lading before accepting the delivery and contact Omcan within 24 hours, so we may initiate a claim with the carrier. A detailed report on the extent of the damage caused to the machine must be filled out within three days, from the delivery date shown in the shipping documents. Omcan has no recourse for damaged products that were shipped collect or third party.

**Before operating any equipment, always read and familiarize yourself with all operation and safety instructions.**

**Omcan would like to thank you for purchasing this machine. It's of the utmost importance to save these instructions for future reference. Also save the original box and packaging for shipping the equipment if servicing or returning of the machine is required.**

**Omcan Fabrication et distribution Companie Limité et Food Machinery d'Amerique, dba Omcan et Omcan Inc. ne sont pas responsables de tout dommage ou blessure causé du fait que toute personne ait utilisé cet équipement de façon irrégulière. Le produit ne doit être exploité que par quelqu'un de plus de 18 ans, saine d'esprit, et pas sous l'influence d'une drogue ou d'alcool, qui a été formé pour utiliser cette machine correctement, et est vêtu de vêtements de sécurité approprié. Toute modification de la machine annule toute garantie, et peut causer un préjudice à des personnes utilisant la machine ou des personnes à proximité de la machine pendant son fonctionnement.**

## VÉRIFIEZ LE COLIS DÈS RÉCEPTION

Dès réception d'une expédition d'Omcan veuillez inspecter pour dommages externes. Si aucun dommage n'est visible sur l'emballage externe, ouvrez le carton afin de s'assurer que tous les éléments commandés sont dans la boîte, et il n'y a aucun dommage dissimulé à la machine. Si le colis n'a subi aucune mauvaises manipulations, de bosses ou de dommages (visible ou cachée), notez-le sur le bond de livraison avant d'accepter la livraison et contactez Omcan dans les 24 heures qui suivent, pour que nous puissions engager une réclamation auprès du transporteur. Un rapport détaillé sur l'étendue des dommages causés à la machine doit être rempli dans un délai de trois jours, à compter de la date de livraison indiquée dans les documents d'expédition. Omcan n'a aucun droit de recours pour les produits endommagés qui ont été expédiées ou cueillies par un tiers transporteur.

# General Information

---

**Avant d'utiliser n'importe quel équipement, toujours lire et vous familiariser avec toutes les opérations et les consignes de sécurité.**

**Omcan voudrais vous remercier d'avoir choisi cette machine. Il est primordial de conserver ces instructions pour une référence ultérieure. Également conservez la boîte originale et l'emballage pour l'expédition de l'équipement si l'entretien ou le retour de la machine est nécessaire.**

**Omcan Empresa De Fabricacion Y Distribucion Inc. Y Maquinaria De Alimentos De America, Inc. dba Omcan y Omcan Inc. no son responsables de ningun daño o perjuicio causado por cualquier persona inadecuada o el uso descuidado de este equipo. El producto solo podra ser operado por una persona mayor de 18 años, en su sano juicio y no bajo alguna influencia de droga o alcohol, y que este ha sido entrenado en el correcto funcionamiento de esta máquina, y ésta usando ropa apropiada y autorizada. Cualquier modificación a la máquina anula la garantía y puede causar daños a las personas usando la máquina mientras esta en el funcionamiento.**

## REVISE EL PAQUETE A SU LLEGADA

Tras la recepcion de un envio Omcan favor inspeccionar daños externos. Si no hay daños evidentes en el empaque exterior, Habra el carton para asegurararse que todos los articulos solicitados estén dentro de la caja y no encuentre daños ocultos en la máquina. Si el paquete ha sufrido un manejo de poco cuidado, golpes o daños (visible o oculto) por favor anote en la factura antes de aceptar la entrega y contacte Omcan dentro de las 24 horas, de modo que podamos iniciar una reclamación con la compañía. Un informe detallado sobre los daños causados a la máquina debe ser llenado en el plazo de tres días, desde la fecha de entrega que se muestra en los documentos de envío. Omcan no tiene ningun recurso por productos dañados que se enviaron a recoger por terceros.

**Antes de utilizar cualquier equipo, siempre lea y familiarizarse con todas las instrucciones de funcionamiento y seguridad.**

**Omcan le gustaría darle las gracias por la compra de esta máquina. Es de la mayor importancia para salvar estas instrucciones para futuras consultas. Además, guarda la caja original y el embalaje para el envío del equipo si servicio técnico o devolución de la máquina que se requiere.**

# Safety and Warranty

---

## GENERAL PRECAUTIONS

- The CUTTER should be operated only by qualified people who should be informed about the safety measures described in this manual.
- In case of personnel turn-over, training is to be provided in advance.
- Before starting cleaning and maintenance, disconnect the machine's plug from the power supply socket.
- Assess the residual risks carefully when protection devices are removed to carry out cleaning and

# Safety and Warranty

maintenance.

- Cleaning and maintenance require great concentration.
- A regular control of the electric supply cords is absolutely necessary; a worn-out or damaged cord can expose users to serious electric shock hazard.
- If the machine shows malfunctions, it is recommended not to use it and to abstain from trying to repair it; please call the "SERVICE CENTRE".
- Do not use the machine for products with bones, frozen foods, fishes or any product other than food.
- Do not introduce fingers in the opening or inside the machine when it is functioning.

## THE MANUFACTURER IS NOT LIABLE IN THE FOLLOWING CASES:

- If the machine has been tampered by non-authorized personnel.
- If some parts have been substituted by non original spare parts.
- If the instructions contained in this manual are not followed accurately.
- If the machine surface is not cleaned with the right product.

## SAFETY DEVICES INSTALLED ON THE MACHINE

### MECHANICAL SAFETIES

The mechanical safety devices installed on the machine, described in this manual, comply with EC 2006/42.

- The safety protections are the cover, which can be removed only when the tank locking arm is up.

### ELECTRICAL SAFETIES

The electrical safety devices installed on the machine, described in this manual, comply with EC 2006/95 and 2004/108.

The machine is equipped with:

- Micromechanic which stop the machine when the closing arm is lifted, and does not permit to start the machine if the cover is not closed.
- Relay which in case the power supply is missing; it is necessary to restart the machine.

Even though the professional CUTTER CE are provided with electrical and mechanical protections (when the machine is working and for maintenance and cleaning operations), there are still RESIDUAL RISKS that cannot be eliminated completely, these risks are mentioned in this manual under WARNING. These risks are cutting dangers caused by the knives during the loading of the product, or during the maintenance operations.

### NOTE: THESE BOWL CUTTERS ARE NOT IDEAL FOR MAKING LARGE BATCHES OF HUMMUS.

**RESIDENTIAL USERS:** Vendor assumes no liability for parts or labor coverage for component failure or other damages resulting from installation in non-commercial or residential applications. The right is reserved to deny shipment for residential usage; if this occurs, you will be notified as soon as possible.

## 1 YEAR PARTS AND LABOUR BENCH WARRANTY

Within the warranty period, contact Omcan Inc. at 1-800-465-0234 to schedule a drop off to either an Omcan authorized service depot in the area, or to an Omcan Service warehouse to repair the

# Safety and Warranty

---

equipment.

Unauthorized maintenance will void the warranty. Warranty covers electrical and part failures, not improper use.

Please see <https://omcan.com/disclaimer> for complete info.

## WARNING:

The packaging components are classified as normal solid urban waste and can therefore be disposed of without difficulty.

In any case, for suitable recycling, we suggest disposing of the products separately (differentiated waste) according to the current norms.

**DO NOT DISCARD ANY PACKAGING MATERIALS IN THE ENVIRONMENT!**

# Technical Specifications

---

Model	FP-IT-0005-E
Power	0.5 HP / 0.37 kW
Bowl Capacity	5.2 L / 5.5 QT
Bowl Filling Level	2.9 L / 3.1 QT
RPM	2600
Electrical	110-120V / 60Hz / 1
Weight	24 lbs. / 10.9 kgs.
Packaging Weight	25 lbs. / 11.3 kgs.
Dimensions	16" x 13" x 13.8" / 406 x 330 x 349mm
Packaging Dimensions	18" x 12" x 15" / 457 x 305 x 381mm
Item Number	10833

# Installation

---

## SETTING UP OF THE MACHINE

The machine must be installed on a working table suitable for its overall dimensions, therefore it must be

# Installation

adequately large, well levelled, dry, smooth, resistant, stable. Moreover the machine must be installed in a room with max. 75% not saline humidity at a temperature between +5°C and +35°C; that is to say in a place that does not provoke the machine failure.

## ELECTRICAL CONNECTIONS

The appliance is equipped with a power supply cord which section 3x1.5mm<sup>2</sup>, length 1.5m with a "NEMA" plug. Connect the appliance to 110-120 Volt 60 Hz, by interposing a differential magnetothermic switch of 10A, ΔI = 0.03A. Check that the grounding is fully operational. Moreover check that the features on the rating plate - serial number correspond to the features shown in the consignment and delivery note.

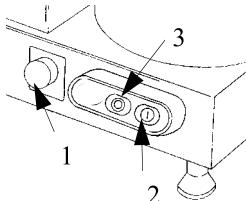

## OPERATION CHECKS

Check the proper functioning of the machine according as follows:

1. Press the start button "I" and the stop button "0".
2. Check whether the machine stops after the lid has been removed.
3. In case of a CUTTER equipped with a speed dial knob, check whether the number of rotations increases by adjusting the knob clockwise.

# Operation

## CONTROLS

Controls are placed on the CUTTER body as shown in the picture.

**NOTE: The speed dial knob (1) is installed only in the vv model.**

1. Dial knob to set the number of rotations.
2. Start button "I".
3. Stop button "0".

## LOADING OF THE PRODUCT

**NOTE: Products to be cut must be loaded onto the basin when the motor is switched off and in case of a CUTTER vv after the speed dial knob has been set to the "0" position.**

The procedure is as follows:

1. Rotate the arm counterclockwise in order to remove the lid.
2. Load the product into the basin and be careful of the two blades; if the product is in large pieces, break them into smaller pieces by hand before putting them onto the basin.

**WARNING: Do not fill more than 1/2 of the tank.**

3. To avoid accidents, position yourself safely: your body must be perpendicular to the working table; and your hands must not force on the machine or stop its movement.

**Never lean on the machine and avoid any direct contact with it.**

# Operation

---

4. Re-position the lid and rotate the arm to closed position.
5. Start the machine by pushing the start button "I".
6. Don't use the machine at low speed for long time.
7. Load additional quantities of product through the upper hole during cutting, if necessary.
8. Once the product has been cut, stop the machine by pushing the red stop button. If the CUTTER is provided with a speed dial knob, adjust it to the "0" position and then stop the machine.
9. The cutter is equipped with a device that switches it off after 30 seconds, if the cutter has been used at minimum speed for more than 30 seconds. This device avoids motor overheating. If you use the cutter at low speed, rest it for at least 30 seconds.

## SHARPENING OF ROTATING BLADES

**WARNING: Follow the instructions below to sharpen the two blades if they do not cut properly:**

1. Rotate the closing arm so as to remove the lid.
2. Remove the rotating blade holder.
3. Use the sharpening stone supplied with the machine and sharp knife on the cutting edge, from internal towards external until reviving the blade edge.

# Maintenance

---

## ORDINARY CLEANING

### GENERAL FEATURES

- The CUTTER cleaning must be carried out at least once a day or more frequently, if necessary.
- Cleaning must be extremely accurate for those parts of the CUTTER which come into direct or indirect contact with foodstuffs.
- The CUTTER must not be cleaned with water-cleaners and high pressure jets of water. Tools, brushes and other devices likely to damage the CUTTER's surface must not be used.

Before carrying out any cleaning operation it is necessary:

- To disconnect the power supply plug from the socket to isolate the CUTTER from the rest of the electric circuit completely.
- To set the dial knob to the "0" position in case of a vv model.

## CLEANING PROCEDURE OF THE MACHINE

### CLEANING OF LID, ROTATING BLADE HOLDER AND BASIN

**WARNING:** Rotate the closing arm and lift the lid. Now the blade holder and the basin can be easily removed by pulling them upwards. Once they have been removed, clean them with water and neutral detergent.

**NOTE: proceed with this operation wearing protection gloves.**

# Maintenance

## ORDINARY CLEANING

**NOTE:** Disconnect the power supply plug.

Cleaning of the machine body on the worktable can be carried out with neutral detergent and a damp cloth frequently rinsed in water. When cleaning has been completed, dry the components accurately.

## MAINTENANCE

### GENERAL FEATURES

Before starting any maintenance activity it is necessary:

- To disconnect the power supply plug from the socket to isolate the CUTTER from the electric circuit completely.
- If the CUTTER is a vv model, to set the speed dial knob to the "0" position.

### BELT

The belt does not need to be adjusted. Generally it must be replaced after 3/4 years; in this case, please call the "SERVICE CENTRE".

### FEET

Feet might deteriorate and lose elasticity; consequently the stability of the machine might be reduced. In this case they must be replaced.

### POWER SUPPLY CORD

Periodically check whether the power supply cord is worn-out and, if this is the case, please call the "SERVICE CENTRE" to have it replaced.

### BLADES

Check that blades have not lost more than 5 mm of thickness after sharpening. Call the "SERVICE CENTRE" to have them replaced.

### KEYBOARD LABEL

The label of the keyboard could be marked and/or holed. In this case, please call the "SERVICE CENTRE" to have it replaced.

## DISPOSAL OF THE MACHINE

### PUTTING THE MACHINE OUT OF SERVICE

If for some reason, you decide to put the machine out of service, make sure nobody can use it: disconnect it from the mains and eliminate the electrical connections.

### WEEE WASTE OF ELECTRIC AND ELECTRONIC EQUIPMENT

Directive 2002/95/EC, 2002/96/EC and 2003/108/EC on the restriction of the use of certain hazardous substances in electrical and electronic equipment, and waste electrical and electronic equipment. This symbol, crossed out wheelie bin, on the product or on its packaging indicates that this product must not be disposed of with your other household waste. Separate waste collection of this appliance is organized and managed by the manufacturer. It is the user's responsibility to contact the manufacturer and follow the waste treatment system

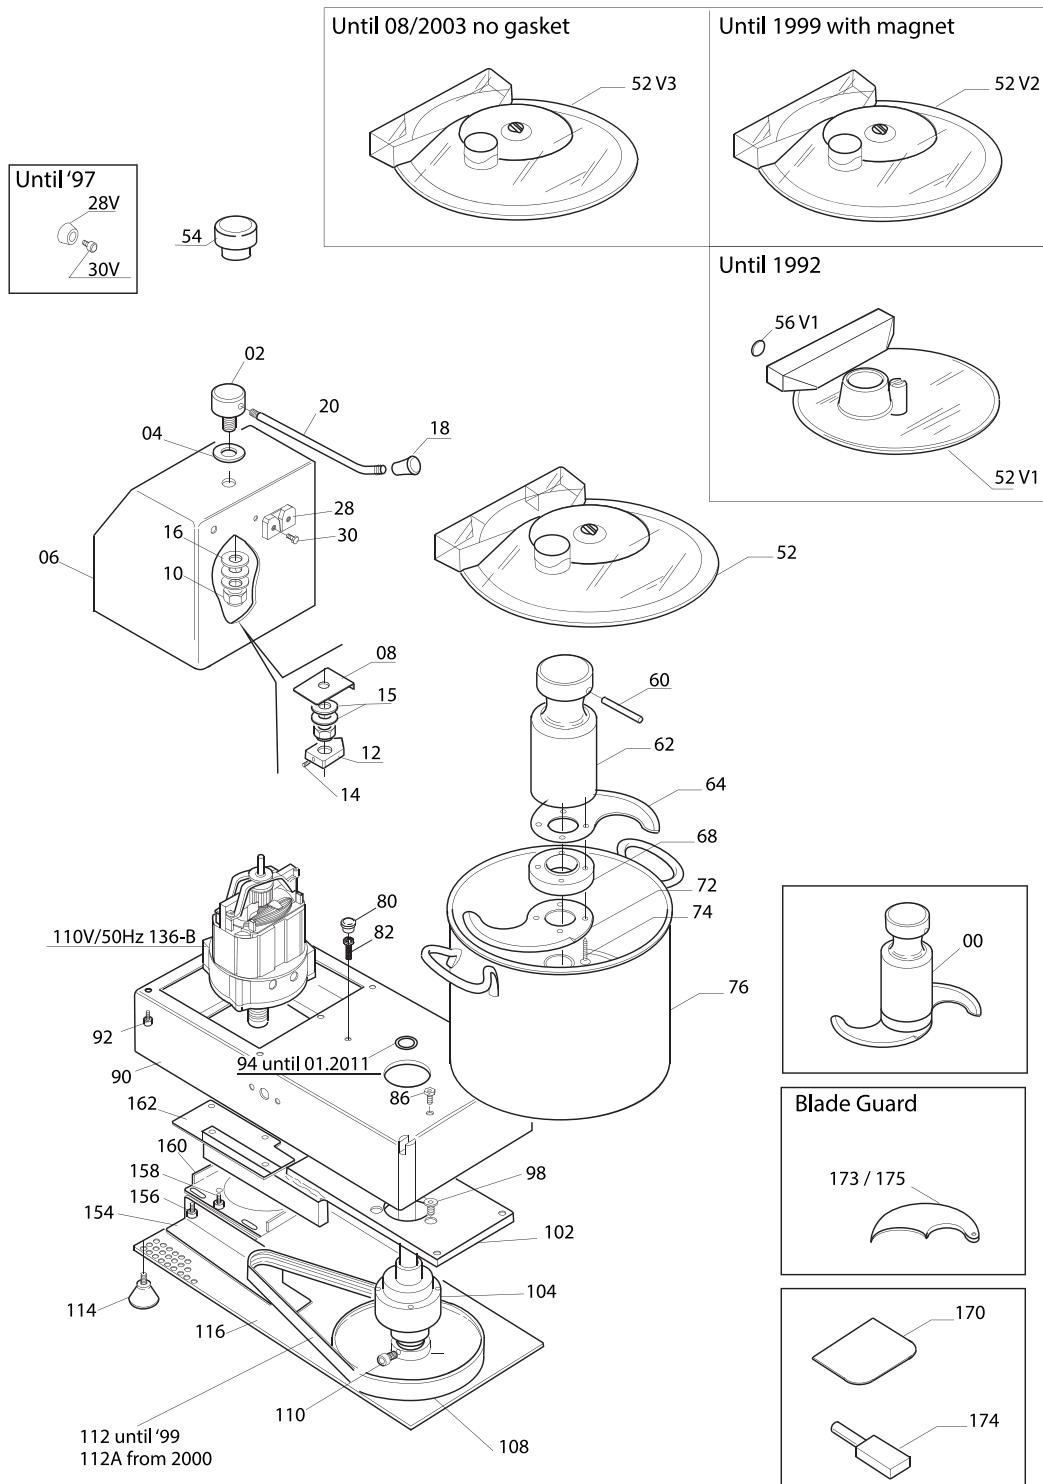

# Maintenance

---

the manufacturer has adopted for separate waste collection. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.
