**Omcan Manufacturing and Distributing Company Inc., Food Machinery of America, Inc. dba Omcan and Omcan Inc. are not responsible for any harm or injury caused due to any person's improper or negligent use of this equipment. The product shall only be operated by someone over the age of 18, of sound mind, and not under the influence of any drugs or alcohol, who has been trained in the correct operation of this machine, and is wearing authorized, proper safety clothing. Any modification to the machine voids any warranty, and may cause harm to individuals using the machine or in the vicinity of the machine while in operation.**

### **CHECK PACKAGE UPON ARRIVAL**

Upon receipt of an Omcan shipment please inspect for external damage. If no damage is evident on the external packaging, open carton to ensure all ordered items are within the box, and there is no concealed damage to the machine. If the package has suffered rough handling, bumps or damage (visible or concealed), please note it on the bill of lading before accepting the delivery and contact Omcan within 24 hours, so we may initiate a claim with the carrier. A detailed report on the extent of the damage caused to the machine must be filled out within three days, from the delivery date shown in the shipping documents. Omcan has no recourse for damaged products that were shipped collect or third party.

**Before operating any equipment, always read and familiarize yourself with all operation and safety instructions.**

**Omcan would like to thank you for purchasing this machine. It's of the utmost importance to save these instructions for future reference. Also save the original box and packaging for shipping the equipment if servicing or returning of the machine is required.**

## ***Safety and Warranty***

---

1. This instruction manual contains information about the installation, operation and maintenance of the device and should be consulted as an important source of information and reference guide.
  2. Awareness of the safety instructions and instructions for use in this manual will ensure the safe and correct use of the device.
- To prevent hazards and to ensure optimum efficiency, no modifications or alterations to the device that are not explicitly approved by Omcan may be undertaken. This device may only be operated when in proper working condition.

# Safety and Warranty

- The device should be never left unattended during operation. Keep children away.
- Preserve this manual safely. When passing on/selling the device to a third party, the manuals must be handed over along with the device.
- Every person using the device must act in accordance to the manuals and under consideration of the safety advice.
- The device is to be used indoors only.
- Any technical interventions, as well as assembly and maintenance are to be made by a qualified customer service only.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- The operation manual is not suitable for the persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge.

<p><b>Exclusive power outlet</b> The power outlet must be in close proximity to the ground.</p>	<p><b>No shared power outlets</b> Warmer cable should never share the power outlet with any other appliance, as cable may overheat and may result in a fire.</p>
<p><b>Protect cables</b> Extra caution should be used when handling cables, as broken or damaged cables can cause sparking and may result in a fire.</p>	<p><b>No water flushing</b> Never flush the warmer surface. This can cause leakage, which may result in electrical damage or fire.</p>
<p><b>Never store flammables and explosives</b> No explosives or flammables should be stored in, or in proximity to, the warmer, such as gasoline, alcohol, and adhesives.</p>	

Omcan display warmers are engineered and designed to maintain previously cooked foods at serving temperatures. Improper use of this machine’s maximum temperature for extended periods of time, in an attempt to thoroughly cook food products, is prohibited. Such operation will void the manufacturer’s warranty and may result in under-cooked and unsafe food.

**RESIDENTIAL USERS: vendor assumes no liability for parts or labor coverage for component failure or other damages resulting from installation in non-commercial or residential applications. The right is reserved to deny shipment for residential usage; if this occurs, you will be notified as soon as possible.**

## 1 YEAR PARTS AND LABOUR WARRANTY

Within the warranty period, contact Omcan Inc. at 1-800-465-0234 to schedule an Omcan authorized service technician to repair the equipment locally.

Unauthorized maintenance will void the warranty. Warranty covers electrical and part failures, not improper use.

## ***Safety and Warranty***

## Installation

- Place the device on top of a stable and even surface which supports the weight of the device, and is not heat sensitive.
- Never place the device on a flammable surface (such as table cloth, carpet, etc).
- Do not place the device near open fireplaces, electric ovens/arc furnaces/electric heaters or other heat sources.
- Ensure that the power outlet is easily accessible and within 6 feet/182.9 cm from the warmer.

## Operation

- Before the first use, clean the inner sides and the shelves with a soft cloth and a mild cleaning agent. Afterwards, dry the device thoroughly.

## ***Operation***

---

- To fill water bowl, remove the water bowl from the device and then fill the water bowl with water.
- Connect the device to a single grounded power outlet.
- Set the temperature as required for respective foods. You may adjust the desired temperature between 30-90°C / 86-194°F.
- The temperature inside of the hot display can be read from the front display.
- Put the food in appropriate containers before placing them inside the hot display.
- Always use safety gloves or tongs when placing or removing foods, as some of the device's parts become very hot.
- The foods are kept warm at the temperature set.
- Open rear side door to place or remove foods.
- Turn on light switch when inner light is desired.
- Disconnect the device from the power outlet when the device is not in use.

## ***Maintenance***

---

- Before cleaning or repairing, make sure the device has been disconnected from the power socket and has cooled down.
- Do not use any acidic agents and make sure that no water enters the device.
- To protect yourself from electric shock, never immerse the device, its cables or the plug in water or any other liquids.
- Do not use any type of water pressure jet for cleaning the device.

### **CLEANING**

- The device should be cleaned regularly.
- Clean the device in the inside and outside with a soft, damp cloth and a mild cleaning agent.
- Clean the shelves and the housing with a soft, damp cloth and a mild cleaning agent.
- Clean the water bowl regularly. Calcifications at the water bowl may be removed with common agents or liquids.
- Only use a soft cloth to clean the display warmer, and make sure you never use any kind of abrasive agents or pads which could scratch the surface.
- After the cleaning procedure, you should use a soft and dry cloth to dry and polish the surface.
- Make sure the device has been cleaned properly before storing it in a dry place.

### **MAINTENANCE**

- Check the electrical cord regularly to ensure it is not damaged in any way.
- Never use the device if the electrical cord is damaged. If the electrical cord is damaged, it must be replaced by a qualified electrician.
- Only a qualified technician should carry out repairs and maintenance of the device. Do not attempt to repair the device by yourself.

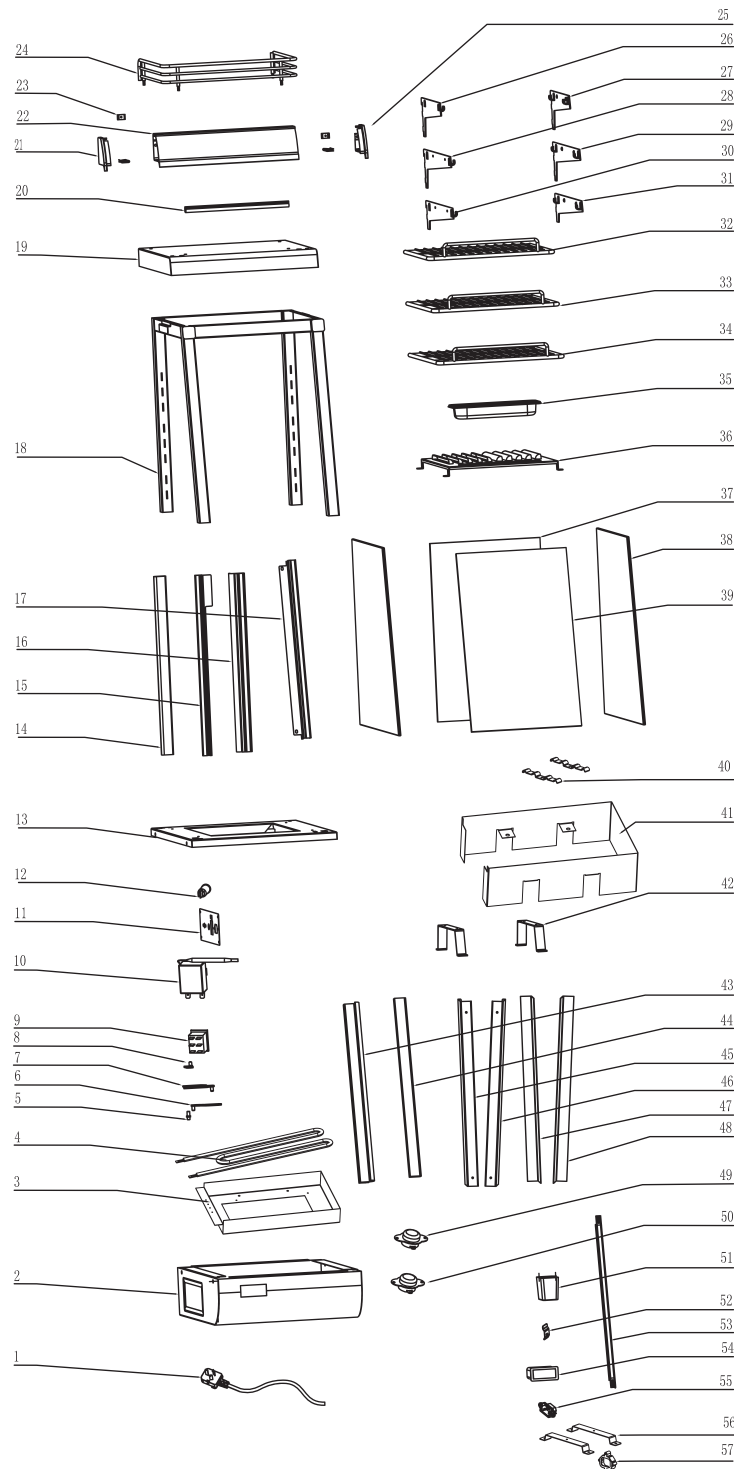

## **CAUTIONS**

Children should be supervised to ensure that they do not play with the appliance.

- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
