Omcan Countertop Blenders are equipped with a stainless steel container, blades, and a plastic lid, designed specifically for commercial establishments.

The seamless cup made of stainless steel without welding features 4 internal pressed ribs, is suitable for commercial blenders, offering advantages in various businesses due to its easy use, cleaning, and efficiency. The design allows you to prepare large, heavy recipes like creams, sauces, and soups efficiently while ensuring homogeneous processing, saving time, and increasing productivity. Its versatility, hygienic design, and ability to process both hot and cold recipes make it a valuable tool for various kitchen settings.

KEY FEATURES

- ✓ Seamless cup is detachable
- ✓ Stainless steel cup, blade, and base
- ✓ Heavy-duty lid made of food-grade material for perfect sealing
- ✓ Upperlid & center dispenser for adding ingredients
- ✓ Robust plug-in coupling system
- ✓ User-friendly design for easy cleaning
- ✓ On/Off button with silicone cover for safe and simple operation.
