The Ugolini MT is a series of world-class commercial countertop dispensers that freezes and serves slushy, granita, margarita and other icy drinks by way of its exclusive patented Magnetic Transmission system

The MT machine, designed and made in Italy, features three 10-liter crystal-clear, shockproof polycarbonate bowls for 100% product visibility, enticing customers to buy. It allows users to adjust the thickness of frozen beverages with a temperature control dial, ranging from "Soft-Drink" to "Granita." Built for continuous operation, the MT can easily switch to stand-by mode when closed and back to freeze mode when reopened.

FEATURES:

- Patented magnetic transmission mixing system
- Up to 3 crystal-clear, shock proof, food-grade polycarbonate bowls
- Unibody stainless steel construction design
- Air-cooled condenser; Hermetic compressor
- Overload protector/Safety pressure switch
- Condenser filter
- Designed, manufactured and assembled in Italy.
